

C- Change in GEES Event

Open Educational Resources (OERs) for climate change and sustainability - practicalities and pedagogy

29th April 2010 Macdonald Hotel Manchester 9.30am. - 4pm.

This event will provide delegates with the opportunity to:

- **Discover freely available educational resources for climate change and sustainability**

Investigate open educational resources (OERs) that have been authored by GEES academics and that focus on climate change and sustainability.

- **Explore the pedagogy of climate change and sustainability**

Featuring author presentations from the forthcoming Pedagogy of Climate Change publication

- **Learn how to create and release open educational resources**

Find out how to release educational resources that are freely accessible for learners and teachers everywhere.

Registration Deadline 15th March
